Correct your posture and relieve pain
by improving your Flex-Ability

THE WORLD'S FIRST MEDICAL BASED
RESISTANCE STRETCHING PROGRAM

DCT Smart Stretch Program -

...is the first Medical Evidence-Based resistance stretching program in the world today. Pacific Coast Sports Medicine and DCT Smart Stretch have teamed up, taking a proactive and preventative approach to neck and back pain. Come strengthen your spine and discover how releasing chronic leg and hip tension can relieve your pain and get you to the activities you love!

FEEDBACK DRIVEN TREATMENT

DCT Smart Stretch™ Spine program

- Patented Bio-Feedback Technology
- Proprietary Stretching Techniques
- Self Myofascial Release Tools
- Practical Home Exercise Programs

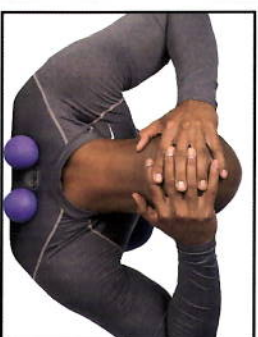

FLEXIBILITY

Dynamic Contraction Technique™ (DCT), created by physical therapist Nic Bartolotta, is the premier resistance stretching technique used by professional athletic trainers all over the world including NBA and MLB sports teams. DCT uses leverage and muscle contractions to safely correct posture, release muscle tension and relieve neck and back pain.

Relieve Pain by Correcting Posture with DCT™

- Stronger back muscles creates better posture.
- Resistance Stretching creates stronger pain free muscles
- Pain free muscles create healthy range of motion (RC)
